## NEXT DRAFT STEP

**EXEMPTION BOARD AWAITS OFFICIAL LIST OF NUMBERS.**

## MEN WILL BE NOTIFIED

**Date of Appearance Will Be Published and Mailed to Men Included in Early Drawings.**

Nodaway county is now ready for the next step in the raising of its quota for the National army. The local exemption board in Maryville is expecting any hour from Provost Marshal General Crowder the official lists of the men to be included in the quota.

As soon as these official lists arrive they will be posted at the court house, and will be published in the newspapers. Then the exemption board will send an official notification to each man to be examined telling him what day he is to appear before Dr. Frank Wallis, county physician, in the Jury room at the court house, for the physical examination.

**Notices Will Be Mailed.**

The notices will be mailed to each man in such a way that they will report in the correct order in which their numbers are drawn. The board will list every man in the ward in the order in which he was called in the lottery. It is up to each man to find out just how he is listed and when he is to report as the authorities will assume no responsibility in regard to his receiving the notice. For instance, if a man fails to receive his notice through the mails, he is still responsible as he is supposed to look at the list at the court house or in the newspapers.

**Call One-Third Each Day.**

The selective conscription rules provide that one-third of the quota shall be called for examination the fifth day after the notices are posted and mailed telling them of the order in which they are drafted; one-third shall be called the sixth day, one-third the seventh day.

If the local board receives the official list today or tomorrow it is believed that the examination of drafted men will begin at the end of this week or the beginning of next week.

Each man must report for examination on the day designated and if he fails to pass he will be given a card explaining what his further duties are. Failure to pass the tests does not mean that he will be exempted. He may be used in some work other than fighting.

**If Drafted Man Passes.**

If the drafted man is found fit, he is so notified and he then has two days to file notice that he will ask for exemption. He will file notice on blanks furnished by the board. Then he has ten days afterward in which to file proof required for the exemption. Blanks will also be furnished for this purpose.

If after he is found fit, he files no claim for exemption his name will be posted eight days after the examinations at the ward board headquarters as one called for military service.

It is useless to make any claim for discharge on occupational grounds to a local board as only district boards will be able to decide upon these. Es-

## A LIVE SUNDAY SCHOOL

**Harmony Community Praised By Nodaway County Sunday School Association Officers.**

That Harmony community has one of the livest, most interesting Sunday schools in the county is the opinion of G. B. Roseberry, president of the Nodaway Sunday school association, and of Miss Eva Davis, secretary of the association, both of whom made a visit to one of the sessions yesterday morning.

Miss Davis gave the Sunday school workers a talk on "Junior Work," and Mr. Roseberry talked on "International Sunday School Standards." E. E. Saunders, superintendent of the Sunday school, and the Rev. C. R. Green, pastor of the church, were present at the session.

## F. H. SHEPHERD HONORED

**Former Normal Teacher Becomes President of Department of Nat'l Educational Ass'n.**

Frank H. Shepherd, formerly of the State Normal school of this city, but now associate professor of the department of industrial education of the state of Oregon State Agricultural College of Corvallis, Ore., was elected to the presidency of the Vocational Educational department of the National Education association. The Corvallis Gazette-Times in speaking of his selection says:

This department, which includes also practical arts, is one of the leading sections of the great national association and is becoming more important with each session. Its programs in Portland attracted a considerable number of the leading Industrial Arts teachers of the country and formed a significant chapter in the proceedings of the great convention. On behalf of these programs Prof. Shepherd put forth a lot of timely and effective effort; his zeal for certain principles embodied in the programs helped to bring many people to Portland in an expectant frame of mind. That they were not disappointed is evidenced by the fact that the convention made him President for the ensuing year.

Shepherd holds a Ph. B., A. M., and all that sort of baccalaureate pomp, but he doesn't flash any of it in the faces of his pupils and co-workers. Rather, he emphasizes the fact that his father taught him the trade of blacksmith and wood worker in his own shop, and that through work as a carpenter and contractor, through travel in four countries, and through fellowship in his profession of teaching he has exchanged ideas with "the other fellow."

His election, which reflects honor upon O. A. C. as well as upon himself, is abundantly deserved; it will result in good work for the N. E. A.

Mr. Shepherd received a raise of $200 a year in salary recently by the board of regents of that school. Donald L. Robey and Phillip Parcher attended the national meeting with Mr. Shepherd.

## ASKS $13,470 OF STATE

**County Court Makes Requisition for Half of $26,940 to be Used in Building Culverts.**

The County Court is now prepared to make this year's requisition of $13,470 from the state, this amount being half of the $26,940 which will be used in making culverts and repairing bridges in Nodaway county. George S. Miller, county surveyor, has just completed the blue prints on which are the plans in detail for the work that is to be done.

The County Court plans to improve twenty-six roads in the county and on these twenty-six roads they will have thirty-nine culverts built. Besides this they will have nineteen pairs of abuttments for steel spans of bridges.

The work of building the culverts in the various parts of the county has already begun, the county court first using the money that it has appropriated for the improvements. The state money will be received in a short time and will be used as quickly as practicable.

The state will not furnish any money for anything but permanent improvements. Wood or steel bridges do not come under the list of permanent improvements, but concrete culverts and abuttments bring the money from the state most readily.

**Mrs. A. M. Carter Home.**

Mrs. A. M. Carter, who has been visiting for the last two weeks with friends and relatives at Whitesville and Savannah has returned to her home.

## DATE POSTPONED

**WOMEN'S REGISTRATION WILL BE AUGUST 11 INSTEAD OF JULY 28.**

## MISS PARCHER IN CHARGE

**Will Make Use of Clubs in Council to Insure Extensive Registration In Nodaway County.**

Registration Day, July 28, for the women of the United States has been postponed from that date until August 11. This was announced Saturday when the leaders in the movement saw that the women of the country had not been fully informed in the matter and that the result would likely be a small registration.

Miss Jessie Parcher, president of the Council of Clubs, will have the work of registration in charge in this county. Saturday she received all of the necessary blanks and cards and also instructions regarding the way to conduct the registrations. Miss Parcher plans to do the work entirely through the clubs which are affiliated with the county organization, and in this way she hopes to secure a complete registration of all of the women in the county.

**To Finance the Work.**

For the purpose of financing the registration a mite box will be placed at each registration place and a fee of 1 cent will be charged. This payment will not be compulsory and at the same time women who are interested in the movement may give more if she desires to do so.

In the meeting held at St. Joseph last week, it was found that Nodaway county was the only section of Missouri which had not manifested interest in the registration and Miss Parcher and her assistants hope that the county will make up for this delinquency by responding nobly to the cause.

**No Compulsion Used.**

Remember there is absolutely no compulsion in the matter. Registration is just a matter of choice and patriotism and no service afterward will be compulsory. The purpose of the draft is to line up the forces of the women and to find out what they could do in case they have to take the places of the men.

The women will register themselves for the service they ca nbest perform in case the men of the Nation be summoned in its defense, and to sign the Hoover Pledge to help conserve the food products of the state and Nation. In this way, it is expected to bring registration day more directly before the women of Missouri.

en will register themselves for the service they can best perform in case the men of the Nation be summoned 'n its defense, and to sign the Hoover Pledge to help conserve the food products of the state and Nation. In this way, it is expected to bring registration day more directly before the women of Missouri.

**156 Occupations Listed.**

There are, according to the researches of the National Defense Council, 156 occupations in the United States in which women can be used in case of need. They are divided by the Council into the following groups: Agricultural, Domestic, Clerical, Individual, Professional, Public Service, Social Service and Red Cross and Allied Relief.

The registration cards to be signed in the enrollment provide for both paid and volunteer service, so that no woman, whatever her state of life or her financial position, need fear that she will not be able to render service to her country along the lines for which she is best fitted through physique, education or natural inclination.

**Women Expected to Register.**

Every woman residing in Missouri who has the welfare of her country at heart, is expected to enroll herself in these registrations, that of the Hoover Food Conservation Pledge as well as the service enrollment. The service registration signifies her willingness, should the times demand it, to help her country along the lines best suited to her capabilities, while the Hoover Pledge binds her to fight waste in kitchen and pantry and help President Wilson and Food Administrator Herbert C. Hoover carry out the food conservation policy that they are convinced stands only a little below the armed strength of the Nation in the defense of the United

## SECOND CALL SOON

**ANOTHER HALF MILLION MEN TO GO IN NOVEMBER.**

## REGARDING EXEMPTIONS

**Those Granted in Connection With First Call Will Not Necessarily Apply to Second Draft.**

Another half million men probably will be called in November according to the Washington correspondent of the Kansas City Star, who writes as follows in today's paper:

The 687,000 men just called to the colors under the Draft Law are to be followed by ½ million more to be summoned for training before the end of the present year. The call for the second increment of ½ million in all probability will go out from the first to the middle of next November, it became known tonight.

Exemptions granted in connection with the first call will not necessarily apply to the second draft. The men excused from the first draft must be prepared to demonstrate that the reasons still hold good why they should not be called to take up arms.

No new drawing of numbers at Washington to designate the order in which the second army will be called is necessary. The government, in summoning the second national army, will start exactly where it left off in completing the call for the first 687,000. The men will be called for examination and either ordered to the training camp or be excused exactly in the priority in which the blank capsuled numbers were drawn last Friday, except, of course, for the elimination of those numbers held by the men taken into the service in connection with the first call.

Of the 687,000 called last Friday, the first 187,000 selected after the physical examination and the exemption processes have been complied with will be assigned to places in the national guard and the regular army to fill these units of the military establishment to required strength. The remainder, or ½ million, will follow along as members of the new national army.

## YESTERDAY HOTTEST EVER

**Thermometer Reaches 97 Degrees But Uncomfortable Citizens Say It Was Hotter Than That.**

Yesterday was the hottest day of the summer, if not by the thermometer at least in the minds of the persons who worried through the day. The official thermometer said 97 degrees, but those who were out in the yards and on the porches trying to keep cool would have sworn that the temperature soared higher than that. Today's temperature is much more temperate, the thermometer registering only 90 degrees. Still fair and warm is the weather promise for tomorrow.

## GETS AN ARMY COMMISSION

**Harvey McClary Receives Second Lieutenancy in the United States Army After Training.**

Harvey McClary, a former Maryville man who was in training with the Officers' Reserve Corps at Ft. Riley, Kan., for the last few months, has received a second lieutenant's commission in the regular United States army and is expecting to be called to Leavenworth any day to assume his new duties. This word was received by friends in Maryville this week.

There were sixty-five applications for places in the army and only ten received commissions. Mr. McClary is at present at Fort Riley.

**R. R. EARNINGS REPORTED.**

Special to The Democrat-Forum.

Washington, July 23. — Railroad earnings for May are reported complete today by the Interstate Commerce commission. They bear out the commission in its recent refusal to grant freight rate increases. One hundred eighty-seven principal lines earned two million dollars more than during the same month last year.

**PIERSOL AND GANG ARRAIGNED.**

Special to The Democrat-Forum.

Springfield, July 23.—Piersol and six of the gang arraigned today. Judge Johnson considered himself disqualified and continued the case until Monday. Roscoe Patterson, a prominent criminal lawyer, has been retained by Kent to aid in the prosecution.

## A BOY, 15, DROWNS

**LLOYD NEELEY, GUILFORD, GETS BEYOND DEPTH IN RIVER**

## WAS UNABLE TO SWIM

**Is Survived by Parents and One Brother and Sister — The Funeral Services Tomorrow.**

Lloyd Neeley, the 15-year-old son of Mr. and Mrs. Orbie Neeley of Guilford, was drowned in the 102 River at the bridge south of Barnard yesterday afternoon.

Young Neeley and three other boys, John, Leslie and Harold Goforth, were playing in the river. Neeley could not swim and was clinging to a pole. He lost his grip on the pole and becoming frightened drifted into a swimming hole where the water was beyond his depth. The efforts of his companions in trying to save him were unavailing, and he sank. The boys ran for help, and one of the men who responded to the call dived into the water and brought the body to the surface. He could not be revived.

The boy is survived by his parents, and by one brother and one sister younger than he was. His father is a farmer.

Funeral services will be held at 2 o'clock tomorrow afternoon at the Church of Christ, the Rev. Mr. Edwards officiating. Burial will be at the Bolckow cemetery.

## DENY RESIGNATION REPORTS

**Members of Shipping Board Say Controversy Will be Settled Regardless of Two Leaders.**

Special to The Democrat-Forum.

Washington, July 23.—Emphatic denials of the reports that they had resigned from the shipping board were made today by Captain John B. White of Kansas City and John A. Donald of New York. The President, who returned this morning, will settle the shipping controversy, regardless of the opinion of either Denman or Goethals. This was made plain at the White House today. It is believed the President will divide the work so that both Denman and Goethals will be retained.

**RUSS GOVERNMENT IN DANGER.**

**All Depends on Kerensky's War Success, Admit Washington Officials.**

Special to The Democrat-Forum.

Washington, July 23.—The Russian situation today is far more serious than at any time since the new Republic was formed. The existence of the new government is at stake. Officials in closest touch with developments made this admission today. All depends on Kerensky's success at the front.

Harold F. James went to Gallatin today on business.

## TRIED TO DESTROY BANK

**German Airmen Made Strenuous Effort Against England's Greatest Financial Institution in Raid.**

Special to The Democrat-Forum.

American Port, July 23.—The German airmen made a strenuous effort to destroy the bank of England in a great air raid on London July 7, according to passengers arriving today.

London, July 23. — Immediate reprisals are expected to follow the German air raid Sunday in which eleven were killed and twenty-six were wounded.

## SUBMARINE FLEET SUFFERS

**Americans Credited With Destroying of 15 U-Boats Since Entry Into the War of Nations.**

Special to The Democrat-Forum.

New York, July 23.—The Kaiser's submarine fleet has suffered considerably at the hands of the American gunners since the United States has entered the war if the stories told by officers and passengers on arriving ships are entirely correct. In less than four months since war was declared the Americans are credited with having accounted for fifteen submarines.

## PRESIDENT IN A CONTEST

**Wilson Stands Firmly Against Section of Senate Which Wants Three-Man Food Commission.**

Special to The Democrat-Forum.

Washington, July 23.—A test of strength between the president and a section of the senate that succeeded in amending the food control bill to create a three-man commission in place of giving Hoover complete authority is at hand. The White House allowed it to become known that the administration stands firmly in its demand that one man dictatorship be retained.

**Men May Yet Enlist.**

Washington, July 23.—Men called in the first draft may enlist in the army and navy until the time when their names are posted by the local exemption board. This ruling was made today by the Provost Marshal General Crowder.

**TO REGULATE OCEAN RATES.**

Special to The Democrat-Forum

Washington, July 23.—Entente Allies and the United States shortly will combine to regulate the ocean freight rates. Negotiations are almost at a point of maturity.

## RUSSIANS RETREAT

**HAVE EVACUATED THE GALICIAN CITY OF TARNOPAL.**

## SLAV LINE IS CRUMBLING

**Dissatisfaction of Part of Troops Makes It Impossible to Hold Out Under German Attack.**

Special to The Democrat-Forum.

Geneva, July 23. — The Russians have evacuated the Galacian city of Tarnopol. The Germans have either entered it or on the point of doing so according to the unofficial advices from Berlin today. The city was partly destroyed by flames. The Russian line is apparently crumbling by reason of the dissatisfaction of some of the troops and the vigorous assaults the Germans and the Austro-Hungarians, especially the Germans, are throwing against it.

**German Effort Fails.**

Paris, July 23.—Despite a new concentration of the troop guns, terrific assaults with bayonets and violent bombardments the Germans failed in a mighty effort to break through the French front on the Aisne river fighting lines.

**Successful Local Attacks.**

London, July 23.—Successful local attacks were delivered by the British south of Avion during the night, the British war office reported today.

## NEED MONEY FOR DRESSINGS

**Price of Materials Goes Up So Far That it is Difficult to Supply Units Ask the Help of Patriotic.**

The Surgical Dressings Units of Maryville are in need of cash in order to carry on quickly and effectively the work of making surgical dressings for the wounded soldiers at the front.

Since the work of the Maryville units began, the price of materials has gone up to such an extent that it takes ever so much money to keep the women supplied with materials. Various plans are being worked out to overcome this difficulty, but until they yield results, money is needed.

Many women who are too busy to assist in the Surgical Dressings work are now endeavoring to do their bit by pledging themselves to give so much money a month to the surgical dressings work for the purchase of materials. Twelve women in the vicinity of Hopkins have pledged 25 cents a month to the cause: Mrs. B. E. Blackney, Mrs. C. M. Pope, Mrs. T. Morse, Mrs. U. A. Anderson, Miss Ethel Moore, Mrs. Lizzie Beaver, Mrs. Pearl Pence, Mrs. Ray Proctor, Mrs. Loren Gillispie, Mrs. John Ringgold, Mrs. H. C. Lincoln, and Mrs. S. A. Ingels.

A request for old linens 15 by 15 inches and 16 by 32 inches, was made by the Kansas City Surgical Dressings units. If any women can spare some old linens, she is requested to cut them into pieces these sizes and to forward them to Mrs. E. G. Orear, who will see that they are sent to the right place. Mrs. Orear will also accept any donations for Surgical Dressings work.

**Fair Catalogs Nearly Ready.**

The fair catalogs for the Nodaway County Fair which will be held in Maryville at the fair grounds from September 3 to 8 will be ready for distribution this week. This was announced by A. O. Mason, president of the Fair association, who says the catalogs will be bigger and better than ever. The catalogs will contain premium list, the rules and regulations for the races and the speed program.

## NEXT DRAFT STEP

(Continued from page 1.)

pecially is this true in the case of agricultural occupations.

**Questions and Answers.**

The following questions and answers taken from the Kansas City Star are those which naturally occur to all men who are affected by the draft:

Washington, July 21.—It will be a week, probably ten days, before the young men who were at the top of the Nation's honor roll in the great drawing Friday will appear before the local boards for the third great step in the army building—the determining of the exemptions. An army of clerks were busy today checking and rechecking the 10,549 numbers drawn, in sixteen different ways so that the list would be absolutely verified.

While the newspaper lists probably were accurate to the last number, the local boards cannot act on them. They must wait until the official list of numbers as they were drawn are sent them. They will be mailed out as soon as printed, those to the Pacific states going first, so that every board should have received the official list about the middle of next week. As soon as they receive the lists, the work will start. Notices will be sent to each man in the first call to appear for examination. And the final step in army forming will be on.

**Boards Here Not Named.**

As a preliminary to the next big step the provost marshal general's office made public tonight the district boards which will pass upon industrial exemption claims and all appeal cases from the lower boards in thirty-seven states. Kansas and Missouri were both included in the fourteen states for which no announcements were made Saturday night. No explanation was forthcoming why the boards for the two states were not nemed. It is know that Governor Capper and Governor Gardner both have had recommendations before the President for several days, in fact, the recommendations have been published. The boards for Kansas and Missouri will be announced in a few days, possibly by Monday. It is not believed there will be any change in the governors' recommendations.

The provost marshal's office here has been deluged with questions from the men at the top of the lists in the drawing asking just what to do. Here are some of the more important questions and their answers:

1. I was among the first drawn. What shall I now do?

Your local board will receive the official list of numbers next week. They will immediately post the official list and will mail you a notice at the address given on your registration card, telling you the day and place to report for physical examination. However, the official posting of the notice is sufficient, and should your mail containing your notice go astray that isn't the government's fault. Watch the newspapers for dates.

**Divide Quota for Examination.**

2. Will all the men taken in the first call appear the same day?

No. The regulations instruct the local boards to divide the list roughly in thirds, telling the first third to report five days after the notice is mailed out; the second third on the sixth day after the notices were sent and the last third on the seventh day. That is to avoid compelling all to stand around several days waiting their turn. Each notice will tell the young man the hour to report.

3. What if I am sick and can't come on the day and hour set?

You are supposed to come at that time if it is humanly possible to do so. However, you have ten days after the official list is posted at your district to report for examination. If you haven't reported then government agents will begin inquiring after you.

4. I am near the top of the list and certain to be drawn. Can I now enlist in the army or navy?

**Time Yet To Enlist.**

Yes. You can still enlist in any branch of the service you desire up until the day the official list of numbers called is posted in your district. Everything is timed by the day that notice is posted, not when you get your notice by mail. After that notice is posted that you are called, it is too late to enlist. Roughly you have less than a week's time in which to enlist, possibly only four or five days, if you intend to choose the branch of service you desire to enter by enlisting.

5. After I am in the selected or national army, can I choose the branch of service I want to go in?

No, positively. An opportunity will be afforded you to express a choice and the government will be guided by that as far as possible, but the final disposition is left to the government. It will place you in the branch of service it believes you best fitted for.

6. I have a wife and two boys. I was near the top of the list and have to claim an exemption. How do I go about it?

In that event you had better watch the newspapers pretty closely and see when your local board officially posts the list of numbers for your district. Go and examine it to see for sure that you are called, although you also will get notice by mail. You have seven days after that list is posted to notify the board of your claim for exemption. You can get a copy of the blank from the board to fill out. After you have filed this claim you have ten days more to get the affidavits filled out and presented that are required. Blank affidavits may be obtained from the board together with instructions. You don't need a lawyer.

**Must Appear For Examination.**

7. I intend to claim exemption. Do I have to report for physical examination on the day set in the notice I will get?

You certainly do. You must report for physical examination just the same as if you haven't claimed exemption. For that matter you can file your claim for exemption then if it is convenient.

8. My husband is drawn for the army. He is my only support, but he says he won't disgrace himself by claiming exemption. What can I do?

Your husband does not understand the spirit and intention of the law. Nevertheless, you can get a copy of the form from the board and file the claim for exemption and get the necessary affidavits filled out, regardless of your husband. The board will then pass on the facts of your husband's case independent of his feelings in the matter. The government goes still further to protect you from undue hardship and absolute want that would be occasioned if your husband were taken into the army. It provides that a third party or your neighbors can claim the exemption and the local board then will pass on the facts.

9. I have a wife and two children. I work every day, although I have an income from investments that can support them. Am I subject to exemption?

The local board will have to pass on the facts and determine them, but under the regulations laid down, they probably would rule that your family could live off the income from your investment, and you would go as a soldier. The mere fact that you are married doesn't count.

10. We are just back from our honeymoon. My husband's number was at the head of the list. Does he have to serve? I have seen stories in the newspapers that anybody who married after war was declared wouldn't be exempted because they shouldn't have married.

**Married Slackers Can Escape.**

The fact that you have been married since war was declared or even since the Conscription Law was passed doesn't effect your status at all. There was a warning against "slackers" who were marrying to evade service, but there never was an official order. The local board isn't concerned about the date of your marriage if you are dependent solely on your husband for support. If so he can file his claim for exemption and the board will pass on it. That holds true of persons married up to the date notice of call is given. Whatever may be the local board's personal opinion as to your husband's marrying you, possibly to escape military service, it will decide the case solely on the question of actual dependency.

11. My wife and I have to make a lot of hurry-up arrangements if I am taken for service. When will I know if I am accepted or have been rejected or given an exemption?

The local boards will decide every claim in three days after you have filed your affidavits claiming exemption. If you are rejected because of physical disability you will get a certificate telling you just what to do. On exemption claims, if the government believes you have been excused without reason, it will appeal your case to the district board. That board has power to take your exemption certificate away from you. You also have a right to appeal.

**Must File For Industrial Exemption.**

12. I am engaged in work I believe more essential to the government than service in the army. What shall I do?

You just appear before the local board and go through all the process there on the day notified the same as if you didn't expect to get an industrial exemption. If you are certified to the district board as qualified for service, then you will get notice of it by mail. You then have five days in which to send an industrial appeal. You can get blanks from the local board for all this.

13. Will I have a chance to work up to a commission in the National Army?

You will. Every opportunity will be afforded you to do so.

14. My number wasn't in the first call, but is only a few numbers away, according to the newspapers. What shall I do?

Nothing at all about it for the time being. The board will try and get its quota out of the first call. If it doesn't succeed it will call more. It will post a new list and if you are included this time it will notify you both through the newspapers and by mail.

**Wait Until Time Comes.**

15. I am away down near the bottom of the whole list and way outside the first call. But a friend insists that if I ever expect to calim exemption I have got to do it now.

Friend is wrong. Your case is not before the board at all and won't be until it reaches you in subsequent quotas or drafts. You can't file a claim for exemption that the board will recognize until it officially calls you by posting your number. All the numbers are drawn to determine the order so as to be able to notify all approximately when they will be needed by the government so they can make plans accordingly. If you are near the bottom of the whole list, it will take a long, long war to reach you.

16. I am out of my home city temporarily and was drawn. What can I do?

Find out first that you were drawn for sure in the first call and then ask the local board to transfer your case to the city in which you are now located. Then appear before that board the same as if you were at home.

**Miss Bell Lectures.**

Miss Babb Bell, Extension lecturer for the University of Missouri is in Maryville today. She gave a canning demonstration at Myrtle Tree church this afternoon. While in Maryville she is the guest of Miss Mary Frances Ford on East First street.

**Bedison H. C. Meets.**

The members of the Bedison H. C. were pleasantly entertained Wednesday afternoon, July 18, at the home of Mrs. Thomas Neal. Owing to the busy season several members were unable to attend the meeting. Roll call was responded to by naming famous women, and giving a sketch of their life work. The social hour was spent in games, and a reading was given by Miss Laura Snyder. The hostess then stated that she had a guessing game, and bringing out a cake, asked the members to guess the meaning of the dates written upon it. Mrs. Elmer Young being the winner, proved to the members, that they were helping to celebrate Mrs. Neal's birthday anniversary. Prizes which were hidden in the cake were found by Mrs. Young, Mrs. A. P. Kidder and Mrs. Fred Dodd. Dainty refreshments were served by the hostess. The next meeting will be held August 1, at the home of Mrs. James Snyder.

States from the enemy.

**No Stipulated Fee.**

While there is no stipulated fee in connection with the registration, fee boxes will be found at each registration booth so that each woman who signs the enrollments may, should she so desire, make a voluntary offering according to her means, from one cent upwards, to the cause. The money thus obtained will be used to help defray the expenses of the Missouri branch of the Woman's Defense Committee.

The St. Louis Board of Education last week set a precedent to the state by offering the use of the St. Louis public schools as stations for the registration.

**Left for Lake Geneva, Wis.**

Dr. and Mrs. Vilas Martin and two children, Beverly and Forrest, left last night for Lake Geneva, Wis., for a several weeks' visit with relatives.

# The Big Entertainment of the Year

—IN—

# Nodaway County

*The amusement feature that is the largest and attracts the most attention is the County Fair.*

From Sept. 3 to 8 Inclusive
All Roads Should Lead to Maryville.

No other entertainment has so much real interest to the citizens of this county as the fair. The exhibits of agriculture, the live stock exhibits, the handiwork exhibits, the art exhibits are all a part of the things we are producing every day in the year. Then there are the entertainment and amusement features that are of interest to every one. And the race give excitement and entertainment in character and amount that can be obtained only at the Fair.

Exhibits should be in the process of preparation this very moment. The sooner you start on your exhibit the better condition you will be able to have them in. There are liberal rewards for all of these. See the catalogue which will be out shortly.

And keep in mind the dates. Make Fair Week a holiday and attend all week.

# BROKEN DOWN IN HEALTH

### Woman Tells How $5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took $5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."—Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

# ABOUT THE POLAND-CHINAS

### Sulphur Springs Gazette Contains Write-up of Hogs, Recently Purchased Here For Texas Boys.

A recent issue of the Sulphur Springs Gazette of Sulphur Springs, Tex., contains a write-up of the Poland-China hogs recently purchased in this county by Bob Phillips of that place. The paper says:

Tuesday afternoon marked the time of an annual event for the swine breeders of Hopkins county. It was then the members of the boys pig club were given their pigs at the North Texas pure bred stock farm, 2½ miles south of Sulphur Springs. The pigs were assigned the boys according to number. About thirty of the pigs were delivered at one time and since this time the remainder have been turned over to the pig club members who failed to come the first day. It was an inspiring scene to see these boys take over their pigs and to see the interest they manifested. No one was more pleased than Bob Phillips, the man who has made it possible for these boys to secure pure bred hogs.

Mr. Phillips arrived Sunday night from Maryville, Mo., with a full car of registered hogs. The shipment consisted of the big type Poland-Chinas. Besides the pigs for the Boys Pig club some fifty of bred gilts and herd boars were brought in the car. There is no question but they are as fine hogs as were ever brought into Hopkins county. They are as pretty as a picture and are certain to attract attention of those interested in fine hogs.

In a page ad in Sulphur Springs Gazette, Mr. Phillips writes an ode to a hog owned by Fred P. Robinson of this city and says Mr. Robinson is one among the biggest hog breeders in the United States.

This is what the hog did for its owner:

He bought the lumber and built a barn,
He paid the mortgage off the farm,
He built a house and painted it white,
He heated it with steam and electric light,
He bought him a wagon and a pair of mules,
He dressed the children and sent them to school,
He paid off the hired man that worked the field,
He bought his owner a big automobile,
He built him a garage two stories high,
He would do as much for you if you would only try.
Many things he did that I've failed to say,
Only for this hog Fred Robinson would be poor today.

George Yantis went to Kansas City today on business.

**Among City Visitors.**

J. H. Lemon of Burlington Junction and his son, W. C. Lemon of Clearmont, were among the Maryville visitors today.

# MRS. BROYLES IS DEAD

### Maryville Resident, An Invalid for Many Years, Passes Away Suddenly—Funeral Wednesday.

Mrs. Elizabeth Broyles, wife of Asa Broyles, west of Maryville, died suddenly at 8 o'clock this morning. Mrs. Broyles had been an invalid for several years but had only been ill of gangrene a couple of days before her death. She is survived by her husband, three children and several grandchildren. The children are: Mrs. Ellen Eflinger, Mrs. Martha Thompson and Charley Broyles all living west of Maryville.

Funeral services will be held at 10 o'clock Wednesday morning at the Wesley Chapel church west of Maryville, the Rev. Mr. DeWitt pastor of the Methodist church of Skidmore, officiating. Burial will be in the Cain cemetery.

# MARYVILLE FEDS AHEAD

### Have Won Two Games in Series With Burlington Junction While Opponents Have Only One.

In a well played game Maryville defeated Burlington Junction at the Fair Grounds yesterday by a score of 4 to 3. A fair sized crowd attended and gave the home boys plenty of support.

This was the third game of a series that is being played between Maryville and Burlington Junction. The games now stand: Maryville, 2; Burlington Junction, 1.

Black pitched for the Federals and did a creditable job considering the amount of work to be done in this position. The playing was slow at times owing to the hot weather. Burlington Junction scored in the fourth and eighth, and Maryville scored in the fifth, seventh and eighth innings.

The Federals play Maitland at the fair grounds next Sunday. This will be a benefit game for the Fourth Regiment band.

The score by innings was as follows:

| | | | | | | | | | R | H | E |
|---|---|---|---|---|---|---|---|---|---|---|---|
| Burling. J. | 0 | 0 | 0 | 1 | 0 | 0 | 0 | 2 | 0 | 3 | 6 | 5 |
| Maryville | 0 | 0 | 0 | 0 | 2 | 0 | 1 | 1 | 0 | 4 | 8 | 3 |

**Here On Inspection Trip.**

Lieutenant G. B. Ridge of the Headquarters Company of the Fourth Regiment at St. Joseph is in Maryville today inspecting the equipment and personnel of the Fourth Regiment band which will leave Maryville Sunday morning August 5. Lieutenant Ridge says that the orders for the mobilization of the National Guard will be given August 4 and that the men must be ready to leave the next day.

Lloyd Weir, an employee of the Lloyd Heir, an employee of the Clifford Frost farm, south of Maryville, received severe injuries to both legs about 10 o'clock this morning. He was on top of a barn fixing a pulley with which to draw up the hay into the loft, when he fell a distance of eighteen feet. He landed on his feet. His right leg was broken in two places and his life heel was badly crushed.

**Cooper Baby Dies.**

How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight?

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no permanent good, for they cannot possibly reach these germs which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valuable advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swift Specific Co., Dept. D Atlanta, Ga.

NEWS DISPATCHES FROM THE INTERNATIONAL NEWS SERVICE.

VOLUME 8. MARYVILLE, MISSOURI, MONDAY, JULY 23, 1917 NO. 42.

## NEXT DRAFT STEP

EXEMPTION BOARD AWAITS OFFICIAL LIST OF NUMBERS.

## MEN WILL BE NOTIFIED

**Date of Appearance Will Be Published and Mailed to Men Included In Early Drawings.**

Nodaway county is now ready for the next step in the raising of its quota for the National army. The local exemption board in Maryville is expecting any hour from Provost Marshal General Crowder the official lists of the men to be included in the quota.

As soon as these official lists arrive they will be posted at the court house, and will be published in the newspapers. Then the exemption board will send an official notification to each man to be examined telling him what day he is to appear before Dr. Frank Wallis, county physician, in the Jury room at the court house, for the physical examination.

**Notices Will Be Mailed.**

The notices will be mailed to each man in such a way that they will report in the correct order in which their numbers are drawn. The board will list every man in the ward in the order in which he was called in the lottery. It is up to each man to find out just how he is listed and when he is to report as the authorities will assume no responsibility in regard to his receiving the notice. For instance, if a man fails to receive his notice through the mails, he is still responsible as he is supposed to look at the list at the court house or in the newspapers.

**Call One-Third Each Day.**

The selective conscription rules provide that one-third of the quota shall be called for examination the fifth day after the notices are posted and mailed telling them of the order in which they are drafted; one-third shall be called the sixth day, one-third the seventh day.

If the local board receives the official list today or tomorrow it is believed that the examination of drafted men will begin at the end of this week or the beginning of next week.

Each man must report for examination on the day designated and if he fails to pass he will be given a card explaining what his further duties are. Failure to pass the tests does not mean that he will be exempted. He may be used in some work other than fighting.

**If Drafted Man Passes.**

If the drafted man is found fit, he is so notified and he then has two days to file notice that he will ask for exemption. He will file notice on blanks furnished by the board. Then he has ten days afterward in which to file proof required for the exemption. Blanks will also be furnished for this purpose.

If after he is found fit, he files no claim for exemption his name will be posted eight days after the examinations at the ward board headquarters as one called for military service.

It is useless to make any claim for discharge on occupational grounds to a local board as only district boards will be able to decide upon these. Es-

## A LIVE SUNDAY SCHOOL

**Harmony Community Praised By Nodaway County Sunday School Association Officers.**

That Harmony community has one of the livest, most interesting Sunday schools in the county is the opinion of G. B. Roseberry, president of the Nodaway Sunday school association, and of Miss Eva Davis, secretary of the association, both of whom made a visit to one of the sessions yesterday morning.

Miss Davis gave the Sunday school workers a talk on "Junior Work," and Mr. Roseberry talked on "International Sunday School Standards." E. E. Saunders, superintendent of the Sunday school, and the Rev. C. R. Green, pastor of the church, were present at the session.

## F. H. SHEPHERD HONORED

**Former Normal Teacher Becomes President of Department of Nat'l Educational Ass'n.**

Frank H. Shepherd, formerly of the State Normal school of this city, but now associate professor of the department of industrial education of the state of Oregon State Agricultural College of Corvallis, Ore., was elected to the presidency of the Vocational Educational department of the National Education association. The Corvallis Gazette-Times in speaking of his selection says:

This department, which includes also practical arts, is one of the leading sections of the great national association and is becoming more important with each session. Its programs in Portland attracted a considerable number of the leading Industrial Arts teachers of the country and formed a significant chapter in the proceedings of the great convention. On behalf of these programs Prof. Shepherd put forth a lot of timely and effective effort; his zeal for certain principles embodied in the programs helped to bring many people to Portland in an expectant frame of mind. That they were not disappointed is evidenced by the fact that the convention made him President for the ensuing year.

Shepherd holds a Ph. B., A. M., and all that sort of baccalaureate pomp, but he doesn't flash any of it in the faces of his pupils and co-workers. Rather, he emphasizes the fact that his father taught him the trade of blacksmith and wood worker in his own shop, and that through work as a carpenter and contractor, through travel in four countries, and through fellowship in his profession of teaching he has exchanged ideas with "the other fellow."

His election, which reflects honor upon O. A. C. as well as upon himself, is abundantly deserved; it will result in good work for the N. E. A.

Mr. Shepherd received a raise of $200 a year in salary recently by the board of regents of that school. Donald L. Robey and Phillip Parcher attended the national meeting with Mr. Shepherd.

## ASKS $13,470 OF STATE

**County Court Makes Requisition for Half of $26,940 to be Used in Building Culverts.**

The County Court is now prepared to make this year's requisition of $13,470 from the state, this amount being half of the $26,940 which will be used in making culverts and repairing bridges in Nodaway county. George S. Miller, county surveyor, has just completed the blue prints on which are the plans in detail for the work that is to be done.

The County Court plans to improve twenty-six roads in the county and on these twenty-six roads they will have thirty-nine culverts built. Besides this they will have nineteen pairs of abuttments for steel spans of bridges.

The work of building the culverts in the various parts of the county has already begun, the county court first using the money that it has appropriated for the improvements. The state money will be received in a short time and will be used as quickly as practicable.

The state will not furnish any money for anything but permanent improvements. Wood or steel bridges do not come under the list of permanent improvements, but concrete culverts and abuttments bring the money from the state most readily.

**Mrs. A. M. Carter Home.**

Mrs. A. M. Carter, who has been visiting for the last two weeks with friends and relatives at Whitesville and Savannah has returned to her home.

## DATE POSTPONED

WOMEN'S REGISTRATION WILL BE AUGUST 11 INSTEAD OF JULY 28.

## MISS PARCHER IN CHARGE

**Will Make Use of Clubs in Council to Insure Extensive Registration In Nodaway County.**

Registration Day, July 28, for the women of the United States has been postponed from that date until August 11. This was announced Saturday when the leaders in the movement saw that the women of the country had not been fully informed in the matter and that the result would likely be a small registration.

Miss Jessie Parcher, president of the Council of Clubs, will have the work of registration in charge in this county. Saturday she received all of the necessary blanks and cards and also instructions regarding the way to conduct the registrations. Miss Parcher plans to do the work entirely through the clubs which are affiliated with the county organization, and in this way she hopes to secure a complete registration of all of the women in the county.

**To Finance the Work.**

For the purpose of financing the registration a mite box will be placed at each registration place and a fee of 1 cent will be charged. This payment will not be compulsory and at the same time women who are interested in the movement may give more if she desires to do so.

In the meeting held at St. Joseph last week, it was found that Nodaway county was the only section of Missouri which had not manifested interest in the registration and Miss Parcher and her assistants hope that the county will make up for this delinquency by responding nobly to the cause.

**No Compulsion Used.**

Remember there is absolutely no compulsion in the matter. Registration is just a matter of choice and patriotism and no service afterward will be compulsory. The purpose of the draft is to line up the forces of the women and to find out what they could do in case they have to take the places of the men.

The women will register themselves for the service they ca nbest perform in case the men of the Nation be summoned in its defense, and to sign the Hoover Pledge to help conserve the food products of the state and Nation. In this way, it is expected to bring registration day more directly before the women of Missouri.

en will register themselves for the service they can best perform in case the men of the Nation be summoned in its defense, and to sign the Hoover Pledge to help conserve the food products of the state and Nation. In this way, it is expected to bring registration day more directly before the women of Missouri.

**156 Occupations Listed.**

There are, according to the researches of the National Defense Council, 156 occupations in the United States in which women can be used in case of need. They are divided by the Council into the following groups: Agricultural, Domestic, Clerical, Individual, Professional, Public Service, Social Service and Red Cross and Allied Relief.

The registration cards to be signed in the enrollment provide for both paid and volunteer service, so that no woman, whatever her state of life or her financial position, need fear that she will not be able to render service to her country along the lines for which she is best fitted through physique, education or natural inclination.

**Women Expected to Register.**

Every woman residing in Missouri who has the welfare of her country at heart, is expected to enroll herself in these registrations, that of the Hoover Food Conservation Pledge as well as the service enrollment. The service registration signifies her willingness, should the times demand it, to help her country along the lines best suited to her capabilities, while the Hoover Pledge binds her to fight waste in kitchen and pantry and help President Wilson and Food Administrator Herbert C. Hoover carry out the food conservation policy that they are convinced stands only a little below the armed strength of the Nation in the defense of the United

## SECOND CALL SOON

ANOTHER HALF MILLION MEN TO GO IN NOVEMBER.

## REGARDING EXEMPTIONS

**Those Granted in Connection With First Call Will Not Necessarily Apply to Second Draft.**

Another half million men probably will be called in November according to the Washington correspondent of the Kansas City Star, who writes as follows in today's paper:

The 687,000 men just called to the colors under the Draft Law are to be followed by ½ million more to be summoned for training before the end of the present year. The call for the second increment of ½ million in all probability will go out from the first to the middle of next November, it became known tonight.

Exemptions granted in connection with the first call will not necessarily apply to the second draft. The men excused from the first draft must be prepared to demonstrate that the reasons still hold good why they should not be called to take up arms.

No new drawing of numbers at Washington to designate the order in which the second army will be called is necessary. The government, in summoning the second national army, will start exactly where it left off in completing the call for the first 687,000. The men will be called for examination and either ordered to the training camp or be excused exactly in the priority in which the blank capsuled numbers were drawn last Friday, except, of course, for the elimination of those numbers held by the men taken into the service in connection with the first call.

Of the 687,000 called last Friday, the first 187,000 selected after the physical examination and the exemption processes have been compiled with will be assigned to places in the national guard and the regular army to fill these units of the military establishment to required strength. The remainder, or ½ million, will follow along as members of the new national army.

## YESTERDAY HOTTEST EVER

**Thermometer Reaches 97 Degrees But Uncomfortable Citizens Say It Was Hotter Than That.**

Yesterday was the hottest day of the summer, if not by the thermometer at least in the minds of the persons who worried through the day. The official thermometer said 97 degrees, but those who were out in the yards and on the porches trying to keep cool would have sworn that the temperature soared higher than that. Today's temperature is much more temperate, the thermometer registering only 90 degrees. Still fair and warm is the weather promise for tomorrow.

## GETS AN ARMY COMMISSION

**Harvey McClary Receives Second Lieutenancy in the United States Army After Training.**

Harvey McClary, a former Maryville man who was in training with the Officers' Reserve Corps at Ft. Riley, Kan., for the last few months, has received a second lieutenant's commission in the regular United States army and is expecting to be called to Leavenworth any day to assume his new duties. This word was received by friends in Maryville this week.

There were sixty-five applications for places in the army and only ten received commissions. Mr. McClary is at present at Fort Riley.

**R. R. EARNINGS REPORTED.**

Special to The Democrat-Forum.

Washington, July 23. — Railroad earnings for May are reported complete today by the Interstate Commerce commission. They bear out the commission in its recent refusal to grant freight rate increases. One hundred eighty-seven principal lines earned two million dollars more than during the same month last year.

**PIERSOL AND GANG ARRAIGNED.**

Special to The Democrat-Forum.

Springfield, July 23.—Piersol and six of the gang arraigned today. Judge Johnson considered himself disqualified and continued the case until Monday. Roscoe Patterson, a prominent criminal lawyer, has been retained by Keet to aid in the prosecution.

## A BOY, 15, DROWNS

LLOYD NEELEY, GUILFORD, GETS BEYOND DEPTH IN RIVER.

## WAS UNABLE TO SWIM

**Is Survived by Parents and One Brother and Sister — The Funeral Services Tomorrow.**

Lloyd Neeley, the 15-year-old son of Mr. and Mrs. Orbie Neeley of Guilford, was drowned in the 102 River at the bridge south of Barnard yesterday afternoon.

Young Neeley and three other boys, John, Leslie and Harold Goforth, were playing in the river. Neeley could not swim and was clinging to a pole. He lost his grip on the pole and becoming frightened drifted into a swimming hole where the water was beyond his depth. The efforts of his companions in trying to save him were unavailing, and he sank. The boys ran for help, and one of the men who responded to the call dived into the water and brought the body to the surface. He could not be revived.

The boy is survived by his parents, and by one brother and one sister younger than he was. His father is a farmer.

Funeral services will be held at 2 o'clock tomorrow afternoon at the Church of Christ, the Rev. Mr. Edwards officiating. Burial will be at the Bolckow cemetery.

## DENY RESIGNATION REPORTS

**Members of Shipping Board Say Controversy Will be Settled Regardless of Two Leaders.**

Special to The Democrat-Forum.

Washington, July 23.—Emphatic denials of the reports that they had resigned from the shipping board were made today by Captain John B. White of Kansas City and John A. Donald of New York. The President, who returned this morning, will settle the shipping controversy, regardless of the opinion of either Denman or Goethals. This was made plain at the White House today. It is believed the President will divide the work so that both Denman and Goethals will be retained.

**RUSS GOVERNMENT IN DANGER.**

**All Depends on Kerensky's War Success, Admit Washington Officials.**

Special to The Democrat-Forum.

Washington, July 23.—The Russian situation today is far more serious than at any time since the new Republic was formed. The existence of the new government is at stake. Officials in closest touch with developments made this admission today. All depends on Kerensky's success at the front.

Harold F. James went to Gallatin today on business.

## TRIED TO DESTROY BANK

**German Airmen Made Strenuous Effort Against England's Greatest Financial Institution in Raid.**

Special to The Democrat-Forum.

American Port, July 23.—The German airmen made a strenuous effort to destroy the bank of England in a great air raid on London July 7, according to passengers arriving today.

London, July 23. — Immediate reprisals are expected to follow the German air raid Sunday in which eleven were killed and twenty-six were wounded.

## SUBMARINE FLEET SUFFERS

**Americans Credited With Destroying of 15 U-Boats Since Entry Into the War of Nations.**

Special to The Democrat-Forum.

New York, July 23.—The Kaiser's submarine fleet has suffered considerably at the hands of the American gunners since the United States has entered the war if the stories told by officers and passengers on arriving ships are entirely correct. In less than four months since war was declared the Americans are credited with having accounted for fifteen submarines.

## PRESIDENT IN A CONTEST

**Wilson Stands Firmly Against Section of Senate Which Wants Three-Man Food Commission.**

Special to The Democrat-Forum.

Washington, July 23.—A test of strength between the president and a section of the senate that succeeded in amending the food control bill to create a three-man commission in place of giving Hoover complete authority is at hand. The White House allowed it to become known that the administration stands firmly in its demand that one man dictatorship be retained.

**Men May Yet Enlist.**

Washington, July 23.—Men called in the first draft may enlist in the army and navy until the time when their names are posted by the local exemption board. This ruling was made today by the Provost Marshal General Crowder.

**TO REGULATE OCEAN RATES.**

Special to The Democrat-Forum

Washington, July 23.—Entente Allies and the United States shortly will combine to regulate the ocean freight rates. Negotiations are almost at a point of maturity.

## RUSSIANS RETREAT

HAVE EVACUATED THE GALICIAN CITY OF TARNOPAL.

## SLAV LINE IS CRUMBLING

**Dissatisfaction of Part of Troops Makes it Impossible to Hold Out Under German Attack.**

Special to The Democrat-Forum.

Geneva, July 23. — The Russians have evacuated the Galacian city of Tarnopol. The Germans have either entered it or on the point of doing so according to the unofficial advices from Berlin today. The city was partly destroyed by flames. The Russian line is apparently crumbling by reason of the dissatisfaction of some of the troops and the vigorous assaults the Germans and the Austro-Hungarians, especially the Germans, are throwing against it.

**German Effort Fails.**

Paris, July 23.—Despite a new concentration of the troop guns, terrific assaults with bayonets and violent bombardments the Germans failed in a mighty effort to break through the French front on the Aisne river fighting lines.

**Successful Local Attacks.**

London, July 23.—Successful local attacks were delivered by the British south of Avion during the night, the British war office reported today.

## NEED MONEY FOR DRESSINGS

**Price of Materials Goes Up So Far That it is Difficult to Supply Units Ask the Help of Patriotic.**

The Surgical Dressings Units of Maryville are in need of cash in order to carry on quickly and effectively the work of making surgical dressings for the wounded soldiers at the front.

Since the work of the Maryville units began, the price of materials has gone up to such an extent that it takes ever so much money to keep the women supplied with materials. Various plans are being worked out to overcome this difficulty, but until they yield results, money is needed.

Many women who are too busy to assist in the Surgical Dressings work are now endeavoring to do their bit by pledging themselves to give so much money a month to the surgical dressings work for the purchase of materials. Twelve women in the vicinity of Hopkins have pledged 25 cents a month to the cause: Mrs. B. E. Blackney, Mrs. C. M. Pope, Mrs. T. Morse, Mrs. U. A. Anderson, Miss Ethel Moore, Mrs. Lizzie Beaver, Mrs. Pearl Pence, Mrs. Ray Proctor, Mrs. Loren Gillispie, Mrs. John Ringgold, Mrs. H. C. Lincoln, and Mrs. S. A. Ingels.

A request for old linens 15 by 15 inches and 16 by 22 inches, was made by the Kansas City Surgical Dressings units. If any women can spare some old linens, she is requested to cut them into pieces these sizes and to forward them to Mrs. E. G. Orear, who will see that they are sent to the right place. Mrs. Orear will also accept any donations for Surgical Dressings work.

**Fair Catalogs Nearly Ready.**

The fair catalogs for the Nodaway County Fair which will be held in Maryville at the fair grounds from September 3 to 8 will be ready for distribution this week. This was announced by A. O. Mason, president of the Fair association, who says the catalogs will be bigger and better than ever. The catalogs will contain premium list, the rules and regulations for the races and the speed program.

## NEXT DRAFT STEP

(Continued from page 1.)

pecially is this true in the case of agricultural occupations.

**Questions and Answers.**

The following questions and answers taken from the Kansas City Star are those which naturally occur to all men who are affected by the draft:

Washington, July 21.—It will be a week, probably ten days, before the young men who were at the top of the Nation's honor roll in the great drawing Friday will appear before the local boards for the third great step in the army building—the determining of the exemptions. An army of clerks were busy today checking and rechecking the 10,549 numbers drawn, in sixteen different ways so that the list would be absolutely verified.

While the newspaper lists probably were accurate to the last number, the local boards cannot act on them. They must wait until the official list of numbers as they were drawn are sent them. They will be mailed out as soon as printed, those to the Pacific states going first, so that every board should have received the official list about the middle of next week. As soon as they receive the lists, the work will start. Notices will be sent to each man in the first call to appear for examination. And the final step in army forming will be on.

**Boards Here Not Named.**

As a preliminary to the next big step the provost marshal general's office made public tonight the district boards which will pass upon industrial exemption claims and all appeal cases from the lower boards in thirty-seven states. Kansas and Missouri were both included in the fourteen states for which no announcements were made Saturday night. No explanation was forthcoming why the boards for the two states were not nemed. It is know that Governor Capper and Governor Gardner both have had recommendations before the President for several days, in fact, the recommendations have been published. The boards for Kansas and Missouri will be announced in a few days, possibly by Monday. It is not believed there will be any change in the governors' recommendations.

The provost marshal's office here has been deluged with questions from the men at the top of the lists in the drawing asking just what to do. Here are some of the more important questions and their answers:

1. I was among the first drawn. What shall I now do?

Your local board will receive the official list of numbers next week. They will immediately post the official list and will mail you a notice at the address given on your registration card, telling you the day and place to report for physical examination. However, the official posting of the notice is sufficient, and should your mail containing your notice go astray that isn't the government's fault. Watch the newspapers for dates.

**Divide Quota for Examination.**

2. Will all the men taken in the first call appear the same day?

No. The regulations instruct the local boards to divide the list roughly in thirds, telling the first third to report five days after the notice is mailed out; the second third on the sixth day after the notices were sent and the last third on the seventh day. That is to avoid compelling all to stand around several days waiting their turn. Each notice will tell the young man the hour to report.

3. What if I am sick and can't come on the day and hour set?

You are supposed to come at that time if it is humanly possible to do so. However, you have ten days after the official list is posted at your district to report for examination. If you haven't reported then government agents will begin inquiring after you.

4. I am near the top of the list and certain to be drawn. Can I now enlist in the army or navy?

**Time Yet To Enlist.**

Yes. You can still enlist in any branch of the service you desire up until the day the official list of numbers called is posted in your district. Everything is timed by the day that notice is posted, not when you get your notice by mail. After that notice is posted that you are called, it is too late to enlist. Roughly you have less than a week's time in which to enlist, possibly only four or five days, if you intend to choose the branch of service you desire to enter by enlisting.

5. After I am in the selected or national army, can I choose the branch of service I want to go in?

No, positively. An opportunity will be afforded you to express a choice and the government will be guided by that as far as possible, but the final disposition is left to the government. It will place you in the branch of service it believes you best fitted for.

6. I have a wife and two boys. I was near the top of the list and have to claim an exemption. How do I go about it?

In that event you had better watch the newspapers pretty closely and see when your local board officially posts the list of numbers for your district. Go and examine it to see for sure that you are called, although you also will get notice by mail. You have seven days after that list is posted to notify the board of your claim for exemption. You can get a copy of the blank from the board to fill out. After you have filed this claim you have ten days more to get the affidavits filled out and presented that are required. Blank affidavits may be obtained from the board together with instructions. You don't need a lawyer.

**Must Appear For Examination.**

7. I intend to claim exemption. Do I have to report for physical examination on the day set in the notice I will get?

You certainly do. You must report for physical examination just the same as if you haven't claimed exemption. For that matter you can file your claim for exemption then if it is convenient.

8. My husband is drawn for the army. He is my only support, but he says he won't disgrace himself by claiming exemption. What can I do?

Your husband does not understand the spirit and intention of the law. Nevertheless, you can get a copy of the form from the board and file the claim for exemption and get the necessary affidavits filled out, regardless of your husband. The board will then pass on the facts of your husband's case independent of his feelings in the matter. The government goes still further to protect you from undue hardship and absolute want that would be occasioned if your husband were taken into the army. It provides that a third party or your neighbors can claim the exemption and the local board then will pass on the facts.

9. I have a wife and two children. I work every day, although I have an income from investments that can support them. Am I subject to exemption?

The local board will have to pass on the facts and determine them, but under the regulations laid down, they probably would rule that your family could live off the income from your investment, and you would go as a soldier. The mere fact that you are married doesn't count.

10. We are just back from our honeymoon. My husband's number was at the head of the list. Does he have to serve? I have seen stories in the newspapers that anybody who married after war was declared wouldn't be exempted because they shouldn't have married.

**Married Slackers Can Escape.**

The fact that you have been married since war was declared or even since the Conscription Law was passed doesn't effect your status at all. There was a warning against "slackers" who were marrying to evade service, but there never was an official order. The local board isn't concerned about the date of your marriage if you are dependent solely on your husband for support. If so he can file his claim for exemption and the board will pass on it. That holds true of persons married up to the date notice of call is given. Whatever may be the local board's personal opinion as to your husband's marrying you, possibly to escape military service, it will decide the case solely on the question of actual dependency.

11. My wife and I have to make a lot of hurry-up arrangements if I am taken for service. When will I know if I am accepted or have been rejected or given an exemption?

The local boards will decide every claim in three days after you have filed your affidavits claiming exemption. If you are rejected because of physical disability you will get a certificate telling you just what to do. On exemption claims, if the government believes you have been excused without reason, it will appeal your case to the district board. That board has power to take your exemption certificate away from you. You also have a right to appeal.

**Must File For Industrial Exemption.**

12. I am engaged in work I believe more essential to the government than service in the army. What shall I do?

You just appear before the local board and go through all the process there on the day notified the same as if you didn't expect to get an industrial exemption. If you are certified to the district board as qualified for service, then you will get notice of it by mail. You then have five days in which to send an industrial appeal. You can get blanks from the local board for all this.

13. Will I have a chance to work up to a commission in the National Army?

You will. Every opportunity will be afforded you to do so.

14. My number wasn't in the first call, but is only a few numbers away, according to the newspapers. What shall I do?

Nothing at all about it for the time being. The board will try and get its quota out of the first call. If it doesn't succeed it will call more. It will post a new list and if you are included this time it will notify you both through the newspapers and by mail.

**Wait Until Time Comes.**

15. I am away down near the bottom of the whole list and way outside the first call. But a friend insists that if I ever expect to calim exemption I have got to do it now.

Friend is wrong. Your case is not before the board at all and won't be until it reaches you in subsequent quotas or drafts. You can't file a claim for exemption that the board will recognize until it officially calls you by posting your number. All the numbers are drawn to determine the order so as to be able to notify all approximately when they will be needed by the government so they can make plans accordingly. If you are near the bottom of the whole list, it will take a long, long war to reach you.

16. I am out of my home city temporarily and was drawn. What can I do?

Find out first that you were drawn for sure in the first call and then ask the local board to transfer your case to the city in which you are now located. Then appear before that board the same as if you were at home.

**Miss Bell Lectures.**

Miss Babb Bell, Extension lecturer for the University of Missouri is in Maryville today. She gave a canning demonstration at Myrtle Tree church this afternoon. While in Maryville she is the guest of Miss Mary Frances Ford on East First street.

States from the enemy.

**No Stipulated Fee.**

While there is no stipulated fee in connection with the registration, fee boxes will be found at each registration booth so that each woman who signs the enrollments may, should she so desire, make a voluntary offering according to her means, from one cent upwards, to the cause. The money thus obtained will be used to help defray the expenses of the Missouri branch of the Woman's Defense Committee.

The St. Louis Board of Education last week set a precedent to the state by offering the use of the St. Louis public schools as stations for the registration.

**Left for Lake Geneva, Wis.**

Dr. and Mrs. Vilas Martin and two children, Beverly and Forrest, left last night for Lake Geneva, Wis., for a several weeks' visit with relatives.

# The Big Entertainment of the Year

—IN—

# Nodaway County

*The amusement feature that is the largest and attracts the most attention is the County Fair.*

From Sept. 3 to 8 Inclusive
All Roads Should Lead to Maryville.

No other entertainment has so much real interest to the citizens of this county as the fair. The exhibits of agriculture, the live stock exhibits, the handiwork exhibits, the art exhibits are all a part of the things we are producing every day in the year. Then there are the entertainment and amusement features that are of interest to every one. And the race give excitement and entertainment in character and amount that can be obtained only at the Fair.

Exhibits should be in the process of preparation this very moment. The sooner you start on your exhibit the better condition you will be able to have them in. There are liberal rewards for all of these. See the catalogue which will be out shortly.

And keep in mind the dates. Make Fair Week a holiday and attend all week.

Nodaway County Fair and Agricultural Association
*A. O. MASON, President and General Manager*

# BROKEN DOWN IN HEALTH

## Woman Tells How $5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took $5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them." —Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

# ABOUT THE POLAND-CHINAS

**Sulphur Springs Gazette Contains Write-up of Hogs, Recently Purchased Here For Texas Boys.**

A recent issue of the Sulphur Springs Gazette of Sulphur Springs, Tex., contains a write-up of the Poland-China hogs recently purchased in this county by Bob Phillips of that place. The paper says:

Tuesday afternoon marked the time of an annual event for the swine breeders of Hopkins county. It was then the members of the boys pig club were given their pigs at the North Texas pure bred stock farm, 2½ miles south of Sulphur Springs. The pigs were assigned the boys according to number. About thirty of the pigs were delivered at one time and since this time the remainder have been turned over to the pig club members who failed to come the first day. It was an inspiring scene to see these boys take over their pigs and to see the interest they manifested. No one was more pleased than Bob Phillips, the man who has made it possible for these boys to secure pure bred hogs.

Mr. Phillips arrived Sunday night from Maryville, Mo., with a full car of registered hogs. The shipment consisted of the big type Poland-Chinas. Besides the pigs for the Boys Pig club some fifty of bred gilts and herd boars were brought in the car. There is no question but they are as fine hogs as were ever brought into Hopkins county. They are as pretty as a picture and are certain to attract attention of those interested in fine hogs.

In a page ad in Sulphur Springs Gazette, Mr. Phillips writes an ode to a hog owned by Fred P. Robinson of this city and says Mr. Robinson is one among the biggest hog breeders in the United States.

This is what the hog did for its owner:

He bought the lumber and built a barn,
He paid the mortgage off the farm,
He built a house and painted it white,
He heated it with steam and electric light,
He bought him a wagon and a pair of mules,
He dressed the children and sent them to school,
He paid off the hired man that worked the field,
He bought his owner a big automobile,
He built him a garage two stories high,
He would do as much for you if you would only try.
Many things he did that I've failed to say,
Only for this hog Fred Robinson would be poor today.

George Yantis went to Kansas City today on business.

**Among City Visitors.**

J. H. Lemon of Burlington Junction and his son, W. C. Lemon of Clearmont, were among the Maryville visitors today.

# MRS. BROYLES IS DEAD

**Maryville Resident, An Invalid for Many Years, Passes Away Suddenly—Funeral Wednesday.**

Mrs. Elizabeth Broyles, wife of Asa Broyles, west of Maryville, died suddenly at 8 o'clock this morning. Mrs. Broyles had been an invalid for several years but had only been ill of gangrene a couple of days before her death. She is survived by her husband, three children and several grandchildren. The children are: Mrs. Ellen Eflinger, Mrs. Martha Thompson and Charley Broyles all living west of Maryville.

Funeral services will be held at 10 o'clock Wednesday morning at the Wesley Chapel church west of Maryville, the Rev. Mr. DeWitt pastor of the Methodist church of Skidmore, officiating. Burial will be in the Cain cemetery.

# MARYVILLE FEDS AHEAD

**Have Won Two Games in Series With Burlington Junction While Opponents Have Only One.**

In a well played game Maryville defeated Burlington Junction at the Fair Grounds yesterday by a score of 4 to 3. A fair sized crowd attended and gave the home boys plenty of support.

This was the third game of a series that is being played between Maryville and Burlington Junction. The games now stand: Maryville, 2; Burlington Junction, 1.

Black pitched for the Federals and did a creditable job considering the amount of work to be done in this position. The playing was slow at times owing to the hot weather. Burlington Junction scored in the fourth and eighth, and Maryville scored in the fifth, seventh and eighth innings.

The Federals play Maitland at the fair grounds next Sunday. This will be a benefit game for the Fourth Regiment band.

The score by innings was as follows:

| | | | | | | | | | | R | H | E |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Burling. J.— | 0 | 0 | 0 | 1 | 0 | 0 | 0 | 2 | 0 | 3 | 6 | 5 |
| Maryville — | 0 | 0 | 0 | 0 | 2 | 0 | 1 | 1 | 0 | 4 | 8 | 3 |

**Here On Inspection Trip.**

Lieutenant G. B. Ridge of the Headquarters Company of the Fourth Regiment at St. Joseph is in Maryville today inspecting the equipment and personnel of the Fourth Regiment band which will leave Maryville Sunday morning August 5. Lieutenant Ridge says that the orders for the mobilization of the National Guard will be given August 4 and that the men must be ready to leave the next day.

Lloyd Weir, an employee of the Lloyd Heir, an employee of the Clifford Frost farm, south of Maryville, received severe injuries to both legs about 10 o'clock this morning. He was on top of a barn fixing a pulley with which to draw up the hay into the loft, when he fell a distance of eighteen feet. He landed on his feet. His right leg was broken in two places and his life heel was badly crushed.

**Cooper Baby Dies.**

The infant son of Mr. and Mrs. Bert Cooper died this morning at St. Francis hospital. The body was taken to Gaynor City for burial.

Daniel Drumm an ddaughter, Miss Epha of Bedford, Ia., are guests at the home of Mr. and Mrs. L. B. Tracy.

## How Long Must I Suffer From the Pangs of Rheumatism?

**Is there no real relief in sight?**

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no permanent good, for they cannot possibly reach these germs which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valuable advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swift Specific Co., Dept. D Atlanta, Ga.
